## Foe Envoys Learn Terms of Peace Treaty

### GETS TREATY ON ANNIVERSARY OF LUSITANIA LOSS

Foe Delegates Learn Today The Cost of Ambition To Boss World.

TWENTY-TWO NATIONS ARE REPRESENTED AT CEREMONY

Kaiser is Arraigned in the Treaty For Offenses In Great War.

(Associated Press Telegram) Germany today received the terms of peace from the nations arrayed against her in the world's greatest war. This event, which falls on the fourth anniversary of the sinking of the Lusitania, marks one of the historic dates in the giant conflict. It comes 177 days after the last shot of the war was fired on November 11, 1918.

The German delegates, when they enter the dining room of the Hotel Triumphant at Versailles at about 3 o'clock this afternoon will find present the representatives of 22 nations when plans for the presentation of the treaty were decided upon some time ago. It was determined that only 13 nations which had taken an official part in the fighting should witness the ceremony.

It was decided yesterday, however, that envoys of China, Siam, Cuba, Guatemala, Nicaragua, Haiti, Panama, Liberia and Honduras should also be admitted.

The complete representation of the allied powers was assured this morning by the arrival in Paris from Rome of Premier Orlando and Foreign Minister Sonnino of Italy.

At a secret plenary session held at the French foreign office yesterday afternoon a summary of the treaty was read. There were a few objections, Portugal taking exception to some features.

### PRESENTATION OF TREATY IS EPOCH IN WORLD HISTORY

First Time American President Visits Europe While in Office.

SETS NEW PRECEDENT IN U. S. RELATIONS WITH WORLD

History of Session of Peace Conference Which Reaches Climax.

(Associated Press Telegram) New York, May 7.—The treaty handed to the Germans today at Versailles is the result of the work of the representatives of the allied and associated powers arrayed against Germany who convened officially on January 18, less than four months ago. The time between the armistice, Nov. 11 and Jan. 18 was occupied in preparing claims and reports in the selection of delegates and in their travel to Paris.

President Wilson and the American delegates sailed from New York on December 4, 1918, and when the president set foot at Brest on Dec. 13 he was the first American president to visit Europe while in office. The intervening month before the opening of the conference was spent by the president in becoming acquainted with allied statesmen and in visiting England, Italy and parts of France.

The first act of the peace conference at its meeting on Jan. 18 was to elect Georges Clemenceau, premier of France, as chairman. On Jan. 21, the conference adopted the proposal that all Russian factions meet on the Princes Islands to discuss the Russian situation. Nothing ever came of the proposal. Three days later the conference ordered fighting over disputed territory to cease.

The plan for the League of Nations was conceived in by the conference on Jan. 24, and a committee was appointed to draw up a covenant. Discussion in the supreme council or Council of Ten, which included two representatives from Great Britain, France, Italy, Japan and the United States then turned to the form of the future government of the world.

On Feb. 14, the League of Nations committee reported the results of its work to the conference. President Wilson left Brest on Feb. 15, on his return to the United States. He arrived at Boston on Feb. 24, and after explaining the league covenant, making several speeches started on his return to France on March 5, and reached Brest on March 12. Meanwhile the work of the Council of Ten had continued except for the interruption of the attempt to assassinate Premier Clemenceau on Feb. 19.

The various commissions of the conference continued their labors uninterruptedly. On March 19, the Council of Ten resumed work on the League of Nations covenant.

### PEACE SCENES VIEWED ONCE MORE IN MANY PARTS OF EUROPE

Photos show prisoners of war in Italy bathing in old Roman baths at Caldina, near Verona, Italy; Belgian horseman riding two horses in jumping contest at Brussels, Belgium, in horse show and peaceful street scene in Monastir, Serbia.

Peace already reigns in the full meaning of the word in some parts of Europe not infested with Bolshevik mobs. There is no tolerance of Bolshevism in Belgium. The Reds have wisely let this little country alone. The Belgians, worst sufferers in the war, are glad to forget it and return to their old life but their little army remains mobilized. At the invitation of the Serbian government the American Women's hospital organization has opened a headquarters at Monastir and has improved the sanitary condition of the city wonderfully. The city is free from any sort of strife, too. With the return of Italy's delegates to the peace conference it is believed the crisis in that country has been averted.

### MAKE ARCTICS PRODUCE WOOL

Explorer Stefansson Urges Canadians to Place Reindeer and Ox Herds in Cold Region.

(Associated Press Telegram) Ottawa, May 7.—A plan for converting the Arctic and sub-Arctic regions of Canada into a great wool milk and meat-producing area was presented to the Canadian House of Commons yesterday by Vilhjalmur Stefansson, Norwegian explorer of the Canadian Arctic.

Mr. Stefansson's ideas were recently placed before Arthur Meighen, minister of the interior, whose department administers the natural resources of the north and it was thought advisable to have the explorer address parliament. His project involves introducing large herds of reindeer and domesticating and developing great herds of musk ox. Both animals would furnish milk and meat supplies and the musk ox would afford also a wool supply.

The Canadian north, Mr. Stefansson said, could be utilized to help solve the problem of food shortages and development of his project would expedite opening of mineral and other resources of the north.

He estimated there were one million to two million square miles of land available for grazing in a climate too severe for cattle, but where reindeer and musk ox could exist the year round.

### START AIRPLANE MAIL SERVICE

(Associated Press Telegram) Washington, May 7.—Air mail service between Cleveland and Chicago will be established May 15 with trips daily, except Sunday. In announcing the dates, the postoffice department said the service would be extended from Cleveland to New York as soon as the manufacturers delivered sufficient machines.

### GOVERNMENT ANXIOUS TO HELP DISABLED SOLDIERS AND SAILORS

Vocational Training Will Be Provided and Liberal Compensation is Provided During Period of Education—May Train in Schools or Industrial Plants.

Eight disabled Newark and Lackington soldiers called on U. S. Department of Education, Tuesday at the office of the home service section of the Red Cross on the seventh floor of the Newark Trust building. A history of their cases will be sent to the district office in Cincinnati and then to the central office at Washington, D. C., to be acted upon.

The government has provided for the free vocational education of disabled soldiers, sailors and marines, without expense to himself either for tuition, books or living expenses, so they can be self supporting and independent with the name of a greater earning capacity than before they were disabled.

These advantages are given to soldiers discharged on or after October 6th, 1917.

The government allows a compensation of \$24 a month to men 16 per cent or more disabled and to this the board adds \$35 a month for those in training, married men being allowed more.

This department, endeavoring to find placement and employment for the disabled, and those want training for new trades or profession will be put in industrial plants or schools and colleges.

Peterson stated that the whole army only 45 cases of total blindness have been found and very few cases where a man has lost both arms and legs.

Mr. Peterson is of the Civil E. Board street. He will gladly answer any questions or are visitors any day except Tuesday and Friday.

### PRESIDENT CALLS CONGRESS; MEETS MONDAY, MAY 19

Cable Message From Paris Sets Earlier Date Than Was Expected by Leaders

(Associated Press Telegram) Washington, May 7.—President Wilson issued a call by cable today for a special session of congress to meet Monday, May 19.

Secretary Tamm, in making the announcement said, it would be impossible, of course, for the president to be here on the opening day. The date fixed for the special session was much earlier than Democratic leaders had expected.

White House officials said that in naming an early date for the session, President Wilson was guided largely by the advice of Secretary Glas as the necessity of passing annual appropriation measures which failed in the closing days of the last session.

General expectations are that soon after it meets the new congress will begin investigations into many questions and charges made in connection with the conduct of the war. Republican leaders, however, have announced no conclusion as to a general investigation.

The new congress will be faced with a mass of legislation, immediate action on which will be urged by several government departments. Besides the seven appropriation bills, aggregating more than \$4,000,000,000, which failed of passage at the last, the list of unpassed measures include all reconstruction legislation and bills dealing the shipping policy, general railroad legislation, and dealing with unemployment, labor and illiteracy questions.

(Associated Press Telegram) London, May 7.—The visit of representatives of American Irish societies to Ireland is creating great interest in Sinn Fein circles there and equal indignation in Unionist quarters in Ireland and England. Among reports in circulation is one that passports from the United States were being used in the mission at the request of President Wilson.

There also were reports that Premier Lloyd George promised to receive the delegates of the American-Irish societies and advised them to visit Belfast. This is regarded as evidence that Lloyd George does not oppose their avowed efforts toward the creation of an Irish republic.

There is considerable mystery about the whole affair.

A citation was addressed to the government in the house of commons on Monday with a view to establishing whether the envoys are accredited to the American government and also to establish their exact status.

(Associated Press Telegram) Tokyo, May 7.—Anti-American campaign in Japanese press is growing. A representative Japanese says if the campaign continues it is likely to endanger the peace. The basis for the agitation is the fear of the growing influence of the United States in international affairs and that it will act as a curb on what are regarded as Japan's legitimate aspirations in China and Siberia.

(Associated Press Telegram) Washington, May 7.—Secretary Baker announced today that the American expedition to the Arctic will be withdrawn from Greenland. The expedition was a disappointment to the United States.

Baker said the American expedition has been directed from the Arctic to the Antarctic. The expedition is to be a scientific one, and will be led by a man of the name of Amundsen.

### PEACE BULLETINS

(Associated Press Telegram) Paris, May 7.—As a basis of resuming participation in the peace negotiations, Premier Orlando accepted a proposal that Italy diminish its claims as a mandatory of the League of Nations until 1923, after which France will revert to Italian sovereignty.

(Associated Press Telegram) Paris, May 7.—The German delegates to the peace conference declare that they will sign the peace treaty but that Germany will not pay an indemnity.

(Associated Press Telegram) Paris, May 7.—When the terms of peace are handed to the Germans this afternoon, Mrs. Wilson, wife of President Wilson, says the Intransigent, probably will be present.

(Associated Press Telegram) Paris, May 7.—The house of representatives is expected to vote today on both the Crabbie prohibition enforcement bill and the new cities and school districts emergency financial relief bill which the senate yesterday passed as an emergency measure. The Crabbie bill also carry the emergency clauses which, if they receive a two thirds vote in both houses will make them effective at once. They are scheduled for a vote at 2 o'clock.

(Associated Press Telegram) Paris, May 7.—The new emergency financial relief bill is identical with that which the senate passed last night. It changes the date for the special election from June 10 to the regular primary day, August 12. Three Democratic senators voted with the Republicans in passing the bill. Agnew of Maryland, Berry of Ohio and Holt of Virginia.

(Associated Press Telegram) Paris, May 7.—France, the United States and Great Britain have concluded an agreement giving supplementary guarantees for France and security for the peace treaty. The Echo de Paris today says it has learned. It adds that Premier Clemenceau and Lloyd George and President Wilson will at a meeting this morning draft in final form this additional pact, which will not be secret.

(Associated Press Telegram) Paris, May 7.—President Wilson has an appointment with General Pershing, the American commander in chief, for 4 o'clock this afternoon. The conference probably is in relation to the three power pact for agreement in or discussion for safeguarding France against renewed German aggression.

## MILITARY POWER IS CUT TO LIMIT BY SEVERE TERMS

ARMY REDUCED TO 100,000 MEN AND CONSCRIPTION IS ABOLISHED WITHIN ALL HER TERRITORIES.

## COLONIES TAKEN FROM HER AND POWER LIMITED TO OWN BORDERS

Navy Limited to Six Battleships, Six Cruisers, 12 Torpedo Boats and Can Not Have Any Submarines—Held Responsible for Damage.

(Associated Press Telegram) Paris, May 7.—The treaty of peace between the 27 allied and associated powers on the one hand, and Germany on the other, was handed to the German plenipotentiaries at Versailles today.

It is the longest treaty ever drawn. It totals 80,000 words, divided into 15 main sections, and represented the combined product of over 1000 experts working continually through a series of commissions for the three and a half months since January 18, the treaty being printed in parallel pages of English and French, which has been recognized as having equal validity. It does not deal with questions affecting Austria, Bulgaria and Turkey, except insofar as binding Germany to accept any agreement reached with those former allies.

Following the preamble and deposition of powers comes the charter of the League of Nations as the first section of the treaty. The frontiers of Germany in Europe is defined in the second section. European political classes given in the third and fourth sections. The fifth section, followed by a section on prisoners of war, military graves, and a seventh on responsibilities, reparations, special terms, and economic terms are covered in sections eight and nine. Then comes the aeronautic section, ports, waterways and railways section, the labor covenant, the section on guarantees, and the final clauses.

Germany by the terms of the treaty restores Alsace-Lorraine to France, accepts the internationalization of the Saar basin temporarily and of Danzig permanently, agrees to territorial changes towards Belgium and Denmark and in East Prussia, cedes most of Upper Silesia to Poland, and renounces all territorial and political rights outside Europe, as to her own or her allies' territories and expects to be restored to the status of a sovereign state. She also recognizes the total independence of German-Austria, Czechoslovakia and Poland.

Her army is reduced to a hundred thousand men including officers; conscription within her territories is abolished; all forts fifty kilometers east of the Rhine razed, and all importation, exportation and nearly all production of war materials stopped. Allied occupation of parts of Germany will continue until reparations made but will be reduced at the end of each of three five-year periods if Germany is fulfilling her obligations. Any violation by Germany of the conditions as to the zone fifty kilometers east of the Rhine will be regarded as an act of war.

The German navy is reduced to six battleships, six light cruisers, and twelve torpedo boats, without submarines and a personnel of not over fifteen thousand. All other vessels must be surrendered or destroyed. Germany is forbidden to build forts controlling the Baltic, must demolish Heigoland, open the Kiel canal to all nations, and surrender her fourteen submarines. She may have no military or naval air forces except one hundred unarmed seaplanes until October 1, 1920, and must not manufacture aviation material for six months.

Germany accepts full responsibility for all damages caused to allied and associated governments and nationals, agrees specifically to reimburse all civilian damages beginning with an initial payment of 20,000,000,000 marks subsequent payments to be secured by the government.

## GERMAN MUNITIONS EXPLODE; MANY DIE

(Associated Press Telegram) Brussels, Tuesday, May 6.—A depot of German munitions containing shells and bombs of every calibre and many gas shells has been exploding since yesterday morning at the railway station at Groenendaal, six miles south of Brussels, where Canadian troops were inspected by King Albert. Thirty days ago the depot had been under guard of 150 Belgian soldiers and six hundred German prisoners have been at work near it. It is believed that there are many killed and wounded, but the number of victims will not be known for several days.

Many houses in the neighborhood have completely collapsed and windows and roofs for two miles around the scene of the explosion have been shattered.

It is reported that while workmen were unloading a wagon filled with shells a detonator exploded in the hands of a German prisoner, setting fire to the ammunition boxes. After the explosion, the German prisoners broke the barbed wire cordon surrounding the camp and fled in all directions through the woods. Only 150 have been arrested since. The Belgian guards at the depot succeeded in escaping in safety. The explosions are clearly heard in Brussels and may continue for days.

## NINE FACE MAYOR IN POLICE COURT

Mayor Atherton this morning heard charges against nine men picked up during the night by police officers. They were six drunks, two transients, two from Utica, and two from the city—one of whom was a soldier. Each was fined \$5 and costs, and nearly all set. The "Utica" men were found on the night of May 5 on his person, and the other \$20. They were fortunate in finding their money in charge of the jailer this morning.

Two young men found wandering about town at 2 o'clock this morning could give no explanation of what they were doing and were locked up. Each received a fine of \$5 and the costs and was sent back to the city prison.

One train-rider had a hearing before the mayor and the case was dismissed. A young man in West Newark was brought in on complaint of his wife who claimed that he was abusing her. The cost was dismissed.

## ELK LODGE TO AID DISABLED SOLDIERS

At a well-attended meeting of the Elk lodge last evening Exalted Ruler Mandel Brushner appointed Messrs. V. G. Carl, George M. Fenberg and A. P. Hess members of the Soldiers' Friend committee for Licking county, which will co-operate with the federal board for vocational education in the re-education of disabled soldiers, sailors and marines. A similar committee is to be appointed in every Elk lodge throughout the United States. An appropriation of \$250,000 has been made for the work. The local committee will look after the work in Licking county.

ers; totally details of the disposition of the German fleet and cables, the former German colonies, and the values paid in reparation. Certain other problems such as the laws of the air and arms and liquor traffic are either agreed to in detail or set for early international action.

Preamble.  
The preamble names as parties of the one part the United States, the British empire, France, Italy and Japan, described as the five allied and associated powers, and Belgium, Bolivia, Brazil, China, Cuba, Ecuador, Greece, Guatemala, Haiti, Honduras, Honduras, Liberia, Nicaragua, Panama, Peru, Portugal, Rumania, Serbia, Siam, Czechoslovakia and Uruguay, who with the five above are described as the allied and associated powers and on the other part, Germany.

It states that: Bearing in mind that on the request of the then imperial German government, an armistice was granted on Nov. 11th, 1918, by the five allied and associated powers in order that a treaty of peace might be concluded with her, and whereas, the allied and associated powers involved directly or indirectly and which originated in the declaration of war by Austria-Hungary on July twenty eighth, nineteen fourteen against Serbia, the declaration of war by Germany against Russia on August first, nineteen fourteen, and against France on August third, nineteen fourteen, and in the invasion of Belgium, should be replaced by a firm just and durable peace, the plenipotentiaries, duly accredited, their full powers found in good and due form, have agreed as follows:

"From the coming into force of the present treaty the state of war will terminate. From the moment and subject to the provisions of this treaty the official relations with Germany and with each of the German states will be resumed by the allied and associated powers."

## CHINA WANTS TO BE THIRDE

(Associated Press Telegram) Paris, May 7.—The Chinese delegation to the peace conference has appealed to President Wilson to intercede with the conference officials to have China included among the powers permitted to attend the presentation of the peace treaty to the Germans at Versailles today. The name of China is not on the list of 12 states so privileged.

## GLASS MEN STRIKE

(Associated Press Telegram) Toledo, May 7.—Seven hundred employees of the Ford Motor Glass company at Rosford, on the edge of Toledo, went on strike today with 24 grinders, who walked out Monday when an increase of from 43 to 52 cents an hour was refused. About 400 glassworkers held a meeting last night and formed a union. Radical agitators imported here provoked the strike, said C. E. Husted, secretary of the company.

## DEMANDS COMPENSATION

(Associated Press Telegram) London, May 7.—Claims for compensation for injuries to British citizens of war in Germany will be included in Great Britain's demand for reparation from Germany. This announcement was made in the house of commons today.

## WHAT'S IN A NAME? LOVES HAVE TROUBLES

Florence Love has filed a petition in common pleas court against Edward Love. They were married August 1, 1911, and are the parents of two children—aged 7 and 8 years. The petition alleges cruelty on the part of the defendant, in that he has been cross and ill-natured and called the plaintiff vile and indecent names in the presence of their children; he is also accused of statutory offenses. The petition further recites that he deserted his wife and children in February, 1913, and since that time has not contributed to the support. Mrs. Love asked for a divorce, alimony and the care, custody and control of the children, and that he be enjoined from withdrawing \$1200 in the bank which he has to his credit.

## COSTA RICA PREXY PREPARES FOR BATTLE

(Associated Press Telegram) Managua, Nicaragua, Monday, May 5.—Costa Rican forces, commanded by the Nicaraguan general, Chavez, which were entrenched at the frontier village of La Cruz on the Pacific coast of Costa Rica, have retired upon the approach of a revolutionary force of Costa Ricans, which was advancing from the village of Sapo on Lake Nicaragua. General Chavez's forces have retreated in the direction of Liberia, capital of the province of Guanacaste. Mr. Chavez has expressed that President Tinoco of Costa Rica will put up a hard fight at Liberia, but if he suffers defeat his government will probably collapse.

## AND SUCH IS WORLD-WIDE FAME!

A certain music publishing house in New Jersey which is planning the publication of a book containing a group of well known songs by American composers has just discovered that the name of Lt. John Philip Sousa, that anyone in this country could be ignorant until recently of the existence of the foremost bandmaster of the world and of one of America's leading composers is almost incredible, but that a firm representing itself as being a music house would make such a confession is quite beyond belief were it not for the fact that the music publisher, the other day, of a letter setting forth this fact.

"We want you to send us one of your songs for publication, the letter read, saying that the songs were prepared by a certain music publishing house. As it will cost many hundreds of dollars to print and publish this book we ask your cooperation. Sign the enclosed slip agreeing to remit the sum of ten dollars to the publisher, and send it right away, but send the slip signed and when the book is printed we will write you a letter and then you can send the ten, if you have it, or pay us in installments. This is a grand opportunity to get your song printed and at a price so low that anyone can spare the money. We heard of you and your works through the Washington copyright office, where your name is recorded as a writer of songs."

# Announcement Extraordinary!

The average man who is planning to build, no matter if it be a house, garage, barn, or even a fence, has no definite idea in his mind of just what he wants. He cannot see in detail the particular building he has in mind, unless he has some means of seeing a completed picture of it—interior and exterior. There are so many kinds of material from which to make a selection; so many different ways of interior arrangement, that it has not always been easy to make a decision. He had to decide for himself what course to pursue and take his chances on being satisfied with the results.

## SERVICE DEPARTMENT ESTABLISHED

Realizing this condition, this company has established a Service Department. This service is free and helpful. It is for those who are going to repair little or much.

We have set aside a room for you. In it you will find books on buildings with plans and statements of the value and use of various materials for the construction of your home.

## OVER 200 PLANS AND PHOTOGRAPHS

There are plans, modern, up-to-date, of every conceivable kind of building. There are the latest proven ideas of value. Ways of saving money that others have tried out and found to be practical. These plans are all complete, with large photographs of interiors and exteriors together with photographs of suggestions in the way of comforts and improvements in woodwork designs.

## PRICES OF HOMES COMPLETE

We can give you in our SERVICE DEPARTMENT the price of any home, garage, or building of any kind you may select. This applies to any building from a cottage costing a few hundred dollars to a fine modern home, such as one finds in the larger cities. This is a service heretofore never attempted by any lumber merchant in this section. We have contractors who will cheerfully furnish complete prices for meeting any of the designs of homes or buildings shown in our office.

This briefly is our SERVICE DEPARTMENT—say rather, it is yours.

It is meant for you to use to your own advantage. It is as free as the air and for your use daily from 7 a. m. until 5:30 p. m.

## DON'T BUY ASPIRIN IN A "PILL" BOX

Ask for "Bayer Tablets of Aspirin" in a Bayer package—marked with "Bayer Cross."

You must say "Bayer." Never ask for merely Aspirin tablets. The name "Bayer" means you are getting the genuine "Bayer Tablets of Aspirin," proven safe by millions of people.

Don't buy Aspirin tablets in a pill box. Insist on getting the Bayer package with the safety "Bayer Cross" on both package and on tablets. No other way!

Beware of counterfeits! Only recently a Brooklyn manufacturer was sent to the penitentiary for flooding the country with talem powder tablets, which he claimed to be Aspirin.

In the Bayer package are proper directions and the dose for Headache, Toothache, Earache, Neuralgia, Rheumatism, Lumbago, Sciatica, Colds, Grippe, Influenza-Colds, Neuritis and pain generally.

"Bayer Tablets of Aspirin," American made and owned, are sold in vest pocket boxes of 12 tablets, which cost only a few cents, also in bottles of 24 and bottles of 100—also capsules. Aspirin is the trade mark of Bayer Manufacturing of Monocetacisicider, of Salicylicacid.

**RED CROSS FEEDS ALBANIA.**  
(Associated Press Telegram) Durazzo, Albania, April 17.—(By Mail) The American Red Cross mission to Albania in charge of Major Robert C. Denison of New Haven, Conn., and comprising 50 members, is at work here.

The mission has with it a large quantity of food, clothing, and medical supplies, which it is distributing to the poor from bases established at Scutari, Tirano and Durazzo. A hospital will be opened at Tirano to take care of the destitute sick of the country.

## Every Woman Needs IRON at Times

If women would only take Nuxated Iron when they feel weak, run-down, tired out—when they are pale, nervous and haggard—there are thousands who might readily build up their red corpuscles, become rosy-cheeked, strong and healthy and be much more attractive in every way. When the iron goes from the blood of women, the healthy glow of youth leaves their skin and their charm and vitality depart. A two weeks course of Nuxated Iron works wonders in many cases. Satisfaction guaranteed or money refunded. At all good druggists.

## Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

## ROTES WILL AID SCOUT MOVEMENT

Committee Appointed to Investigate Best Method of Fostering This Boy's Organization.

An extension of the Boy Scout movement and organization in Newark was indicated at the noon meeting of the Rotary club Tuesday at the Masonic Temple taken by the membership listened to addresses by Reverend L. P. Franklin, head of the Newark Scouts, and Scout Master Taylor of Akron. At the conclusion of the addresses the Rotes authorized one chair to appoint a committee of five to go into the matter and recommend a course of action with reference to the assisting of the local organization.

After making Frank L. Johnson, who soon leaves Newark to take up farther Y. M. C. A. work in France and later in India, an honorary member of the Newark club, the membership heard short talks by Johnson, Corporal Max B. Norpell of the 332nd infantry, Lieutenant Louis Mitchell, who has just returned from service in France and Phil Harrison, a former Newark man, who is now in business in Detroit and has done much work over government contracts during the war.

Secretary Johnson and Lieutenant Mitchell accepted the club's invitation to make the principal addresses at the meeting on next Tuesday and Corporal Norpell promised to tell more of his Italian experiences at the meeting on May 20.

John A. Chikote was welcomed as a new member of the club.

## WHEN TO GATHER ROOTS AND HERBS

For medicinal purposes, roots and herbs should be gathered when the medicinal properties are at their best. For instance, roots of annual plants should be dug just before their flowering season, and roots of perennial plants after the tops have dried. All these things are taken into consideration in gathering the roots, and herbs many tons of which are dug annually in preparing that most successful of all remedies for women, Dr. Lohs E. Pinkham's Vegetable Compound.

**PROBLEM OF THE LOBBYIST.**  
Most of the state legislatures have been in session the past season. From a number of them, perhaps from all, come complaints of the "lobby." In some there is talk of investigations of alleged "slush funds." There is a wide spread feeling that many legislators are too susceptible to the systematized efforts made by special interests to win their support.  
The "lobby" can not be wholly repressed. Any legitimate interests has a right to state its case at public hearings. Also it would seem radical not to permit it to argue matters out with legislators in private conversation.  
Agents who deal with legislators are very skillful in the persuasion business and very subtle in their approach. An unsophisticated man is easily misled by their social attentions.  
When legislators begin to accept dinner and sporting and automobile invitations from agents of private interests, they are getting on dangerous ground. People's ideas loosen up marvellously under such enticements. Many pledges are made which later are regretted.  
Every state should have laws requiring the careful registration of lobbyists. Any representative of a private interest seeking favorable legislative action, should be registered as a legislative agent. Legislators should know with whom they are dealing, and what motives are behind the approaches made to them. The principle should be established that it is an impropriety for the agent of a private interest to offer, or for a legislator to accept, social attentions open to suspicion as a means of influencing legislation.  
These agents should be required to meet the representatives of the people on a purely business basis, minus dinners and jollifications. They must depend upon the merits of their cause alone.

**REFORM IS NEEDED.**  
Former Secretary of the Treasury McAdoo emphasizes the necessity for immediate reform of the United States Senate and in an address at Cincinnati he hits upon a note that will undoubtedly become an issue in the forthcoming national campaign.  
The former official declares that anyone who is familiar with senate affairs is convinced that the senate has become an obstructive instead of a deliberative body. He asserts that the senate has repeatedly violated the fundamental principle of our government, the right of the majority to rule. It has adopted a set of rules which make it impossible for the majority to express itself and has transferred to a recalcitrant minority the power to have its own way to prevent any legislation, especially in the closing days of a session. He continues:  
"I venture to say that the American people will not much longer endure such filibusters a scheme which characterized the closing days of the last session of the senate. We must force a change in the rules of the senate, so that the will of the majority can register itself within a reasonable time."  
The public business of the United States has grown to great and its importance now has been so magnified that the world responsibility we have been forced to assume, that unless the senate adopts rules which will permit the majority to legislate promptly on the grave issues which must be constantly dealt with in the future, disaster and even anarchy may be precipitated.  
The effect of the recent Republican filibuster in the senate when the anything but patriotic LaFollette was permitted to talk for hours and was preceded and followed by other Republican senators who are no better than have aroused the nation as have the events of political character in the senate too susceptible to the systematized efforts made by special interests to win their support.

**CAMP SHERMAN WILL OBSERVE MOTHER'S DAY**  
CAMP SHERMAN, May 7.—Mother's Day will be appropriately observed at Camp Sherman next Sunday. In addition to special programs in every welfare house in the big camp, each doughboy is requested to write his mother a letter on the day set aside for her. An appeal for flowers has been sent all over the state of Ohio, in order that every soldier in the camp may wear one in honor of his mother. Flowers, either red or white carnations will be distributed through the Y. M. C. A., the K. of C., Red Cross, Jewish Welfare Board and any other welfare organization in the camp.  
An effort will be made by those in charge of the demobilization to localize the discharges to certain districts on the same day as much as possible. Groups of several hundred men will be sent to the larger cities the same day, and the smaller towns will receive groups. In this manner it is thought that celebrations in the cities and towns can be more easily arranged. It is probable that men will be discharged according to a weekly schedule.  
Only 402 soldiers are to be dismissed from the service here today. Thirty of them go to Cincinnati, 63 to Cleveland, 11 to Columbus, 18 to Akron, 9 to Dayton, 18 to Youngstown and 8 to Zanesville.

**WAR TRUCKS TURNED OVER TO AG. DEPT.**  
WASHINGTON, May 7.—More than \$45,000,000 worth of motor trucks have been turned over to the department of agriculture by the war department and are ready to be distributed to the various state highway departments through the bureau of public roads. It was announced here today. The trucks, numbering about 20,000, and a majority of which are new, are a part of the surplus left on the hands of the war department when the war ended. They are to be distributed to the states under a provision of the postoffice appropriation bill and must be used on road construction work.  
**RECRUIT TROOPS FOR SERVICE IN SIBERIA**  
WASHINGTON, May 7.—Orders were issued yesterday by the war department for the recruiting of 5000 men to serve as replacement troops for American soldiers now in Siberia. A replacement detachment will be organized at San Francisco and the troops will be sent forward in units of 500 each as they become available.

tures of the treaty with China, Italy and France making reservations when the reading of the summary had been completed. It is not believed however that the objections to certain phrases of the treaty will result in the refusal of these nations to sign the document, nor will their reservations affect the procedure decided upon in having the treaty before the German plenipotentiaries.  
At a secret plenary session held at the French foreign office yesterday afternoon a summary of the treaty was read. There were few objections. France, Portugal and China voting for the treaty as to particular clauses—but it is not believed that these objections will affect the procedure decided upon in having the treaty before the German plenipotentiaries.  
One of the most interesting features of the convention was added to it yesterday when a clause arraigning former Emperor William for a supreme of crimes against international morality and the sanctity of treaties, was attached to the treaty together with a provision for his trial by a tribunal composed of representatives of the United States, Great Britain, Italy and Japan. Steps have been taken to meet any refusal on the part of Germany to sign the treaty. Complete economic isolation is one of the principal weapons to be used by the allied and associated governments.

was broken up in two bodies, a Council of Four and a Council of Foreign Ministers. The Council of Four was composed of Premiers Orlando, Clemenceau, Lloyd George and President Wilson.  
A furor in conference circles was created on April 7 when President Wilson summoned the transport George Washington to come to Brest at once and it was reported the President intended to return home. A statement on reparations and frontier questions. It was reported at the time, was said to have prompted this action.  
On April 11 a plenary session of the conference adopted the International labor legislation committee and on April 14 the reparations demands to be made on Germany were announced. On April 16 the Germans were invited to send delegates to receive the treaty.  
With the German treaty near completion the question of Italy's claims in the Adriatic came to the front. On April 23 President Wilson issued a statement that Italy could not belong to Italy. The Italian delegation announced its intention of leaving Paris and on April 24 Premier Orlando started for Rome. Searches had been directed than the vanguard of the German delegation reached Versailles on April 25 to be followed on April 26 by the principal delegates. Previously the Germans had expressed the intention of sending "messengers" to receive the treaty but finally were compelled to send delegates with full powers.  
In the absence of the Italian delegates the conference on April 23 adopted the revised covenant of the League of Nations. Geneva was selected as the seat of the league and Sir Eric Drummond of Great Britain was made first secretary general.  
On April 26 the Council of Three reached an agreement on the question of Albania which gave the territory to the Serbians who are to turn it over later to the Chinese.  
The first meeting with the Germans took place on May 1 when plenipotentiaries were exchanged at Versailles.  
On Monday it was announced that Premier Orlando and the other Italian delegates were returning to Paris in time for the handling of the peace treaty to the Germans.

## "Spoiling The Ship For a Penny's Worth of Tar"

You know the old saying—Don't let this happen to our American Ship of State.

Our Country has never stood higher in the eyes of the world than it does today. A place second to none among the Nations has come to us—a place in the sun calling upon us Americans to be leaders and exponents instead of followers.

We fought to make the World a decent place to live in, now we must PAY to KEEP the World a decent place to live in—the eyes of all people are upon us, we must put this Victory Loan over in double quick time.

Remember, 4-3-4—a quarter more this time, and with America's whole resources behind you, do it now. Do your bit towards steering our American Ship of State towards the greatest smooth sailing prosperity the world has known—and finish this war in a businesslike way.

## RED CROSS TO HAVE NEW OFFICE

Reduction in Work to Be Done Makes Large Quarters no Longer Necessary

After June 1, the Red Cross headquarters will move from the old headquarters in the Newark Trust building, the rooms formerly occupied by the Liquor Licensing commission.

The reduction of the scope of the work, has made it necessary for the large quarters in the Knights of Pythias building to be maintained, and special attention will be given to the home service and civilian relief of the Red Cross.

Mr. E. S. Randolph is in charge of the home service department, which gives an opportunity to every soldier to bring his needs to the department and he will receive help of every kind. The Red Cross will render service when in trouble of any kind, or any of their relatives will receive the greatest consideration from the home service department. Mrs. Randolph will be assisted by Miss Simson and they will work under direction of Frederick M. Black.

**Every Day Etiquette**

"When a man is speaking of his wife to outsiders or to a chance acquaintance, it is better to refer to her as 'Mrs. A.' or as 'My Wife'." Inquired Albert.

"It is considered more dignified and respectful to say 'Mrs. A.' in such a case, although 'My Wife' is done many times," answered his uncle.

(Ready-to-Wear Section Second Floor)

These beautiful models are, as usual, timed to the minute as to latest style tendencies and colorings—to harmonize perfectly with present outer garments—as they have been designed and made within 30 days.

\$3.85 HY-ARTS have the perfect fitting Justo Tops. Are made of soft material of a quality usually found in petticoats retailing at higher prices.

Their unusual value is only possible by reason of the special co-operative plan on which they are manufactured.

We, in conjunction with other large stores around the country, contract for the entire monthly output of HY-ARTS.

Making only two styles in large quantities and doing away with wholesale selling expense means a good substantial saving to us, which we are very glad to pass on to our patrons.

**BUCKEYE BAND GIVES CONCERT ON SQUARE**

The Buckeye band gave a concert in the public square last evening before going to Mountbushers park, where the boys have charge of the Rubia & Cherry shows. There was a large crowd present to enjoy the concert and the boys were applauded liberally for the splendid musical program, which they rendered.

It was the first public appearance of the popular local band since a number of its members returned from France. It was under the charge of Fred Abbott as director, who saw service abroad.

**ONE LEADS NATION IN W. S. S. SALES**

Columbus, May 7.—Ohio again leads the nation in the sale of War Savings stamps. Reports for April just issued by the Ohio War Savings committee show total sales for the month at \$4,124,192, in excess of \$1,000,000 a week.

In 14 counties where war savings organizations have been especially active the sales for April equal those of the same month last year when the state was ablaze with patriotism. It is felt at War Savings headquarters that this is an indication of the appreciation of the investment advantages of War Savings and their popularity.

Reports of the War Savings stamps in Ohio for the month of April show that New York and state, New Jersey and all the New England states combined. The cost of marketing War Savings stamps in Ohio of which more than \$120,000,000 have been sold has been approximately one eighth of one per cent. The sales for April equal those of the same month last year. The year's sales are largely the result of the 1918 campaign as a special drive has been made. The active co-operation however, of the postmasters and postal employees of the state and the school superintendents, principals, teachers and children has been particularly effective.

**WINNERS IN Y TESTS ARE MADE PUBLIC**

The final scores in the winter series of athletic tests at the Y. M. C. A. have been computed and the winners in each class will be awarded the athletic medal. Not as many boys finished the tests as had been expected, nevertheless competition was close. Dale Fessler wins the 110-pound division with a score of 136 points. Ed Drumm carried off honors in the 125-pound class with a score of 122 points. Competition was warm in the 125-pound group. Ray Swartz led the field of contestants with a score of 149 points. Earl Montgomery had things his own way in the 140-pound division and scored 143 1/2 points. The medals will be awarded these winners by Physical Director, I. S. Edwards, at the annual championship series consisting of gymnastics, athletics, and swimming will be used next year instead of the winter athletic series.

**THE MARKETS**

Wall Street.  
New York, May 7.—Aside from the heaviness of Mexican Petroleum, presumably due to fresh disturbances in that country, stocks were active and strong at the opening of today's session. There was an accumulation of buying orders for the holiday, interests concentrating largely in shipbuilding, oil, motors, sugars and tobacco. U. S. Steel made an initial change but hardened later with equipments, especially Pressed Steel Car and American Car. In the railway group Canadian Pacific, Union Pacific, Reading and New York Central made substantial additions to gains of the early week.

Definite announcement of the call for an extra session of congress and news that the navy department awarded large contracts for steel gave further impetus to the advance, trading quickening and broadening in every direction. Shipping, oil, and rails enhanced their gains. Atlantic Gulf, Marine preferred Pacific Mail, Texas company, Royal Dutch, Sinclair, Canadian Pacific, and Reading making extreme advances of one to six points while Lackawanna rose 10 points. Mexican Petroleum made full recovery but U. S. Steel lagged despite the strength of related shares and copper.

**Chicago Grain Review.**  
Chicago, May 7.—New advances in corn resulted today from further record breaking prices on hogs and from additional rainfall. Opening prices, which ranged from 1 1/2 off to 5/8c advance, with July 1.49 1/2 to 1.50 and Sept. 1.63 1/2 to 1.64 1/4 were followed by a quick setback and then an upturn higher than before.

Commission house selling made oats relatively weak. After opening unchanged to 1-8c up with July 70 3/8 to 70 1/2 the market averaged somewhat lower than yesterday's finish.

Provisions made only a slight response to the latest upturn in hogs and corn.

**Cleveland Produce.**  
Cleveland, May 7.—Oleomargarine: nut margarine 27 1/2 to 28c. Eggs: fresh 55 to 60c. Potatoes: Michigan, \$2.40 to 2.50 per 150 pounds; Pennsylvania, 3.50 per 150 pounds.

**Pittsburgh Live Stock.**  
Pittsburgh, May 7.—Receipts: 1200, higher. Heavies, \$21.55 to \$21.65; heavy Yorkers \$21.40 to \$21.50; light Yorkers, \$20.50 to \$20.75; pigs, \$20.25 to \$20.50. Sheep and lambs: receipts 500; steady. Top sheep \$12.00; top lambs 16.50. Calfes: receipts 256; steady. Top 16c.

**Cincinnati Live Stock.**  
Cincinnati, May 7.—Receipts: 6500 strong. Selected heavy shippers \$21.00 good to choice packers and butchers \$21.00 to \$21.00. Calfes: receipts 800, steady. Shippers \$12.50 to \$12.50; butchers steady, extra, 14.25 to 15.00; good to choice, 13.00 to 14.00; common to fair, 12.00 to 13.00. Calfes: receipts 256; steady. Top 16c.

## There is the Same Welcome Variety of Models Materials Trimmings and Prices

AS USUAL IN OUR ANNUAL MAY SALE OF MUSLIN UNDERWEAR. It's the best time of the year to choose summer undergarments. The many new things brought out each season make pleasurable choosing at this season of the year.

AND, MOST REMARKABLE OF ALL, the same saving prices as usual during this yearly event. All through the department you'll find gowns, and many of them, at such prices as \$1.00, \$1.50 and \$1.75. Splendid combinations. Petticoats, Corset Covers and Drawers, all in good assortments, and offered at prices which will surprise you.

### Women Who Take Special Pride

In the possession of dainty undergarments will be eager to see the fine lingerie garments which are shown this season in flesh-color. Many beautiful effects have been produced, mostly in cotton crepes and fine cotton batistes.

IN GOWNS—We show many dainty styles in flesh batiste, pink and white stripe crepe, plain crepes. Other crepes are embroidered in fleur-de-lis patterns in a pretty shade of blue.

PAJAMAS—In two-piece model, or Billie Burke style, in both crepe and batiste. All made in dainty styles, and trimmed with ribbon, buttons or fancy stitching in colors.

COMBINATIONS in flesh batiste show novel yokes, designed by the use of insertions, lace and ribbon.

BLOOMERS—Are shown in plain crepes, some with dainty embroidered patterns in blue. Pretty striped crepes in pink and white and blue and white striped crepe.

### AMUSEMENTS

(Continued from Page 3)  
ney, the star is eager to begin her next (Gwyn Picture at the studios in Port Lee.

Her last day at Valley Ranch, Wyo., she will never forget for many reasons. With all her preparations made for the return trip, it was imperative that the production be finished on schedule time.

At an early hour the entire company was in readiness to begin the last day's work and all rejoiced in the promise given by the sun.

The cameras were set, the scene rehearsed and all was in readiness for Percy Hildner to turn the crank when the sun came out with a cloud. This happened more than anyone had time

this question after the showing of the new Prizma natural color film, "Kit-aqua's Lakes of Fire," which feature the Alhambra will show Friday.

This picture is the fourth in a series of Prizma films which are being shown at the Alhambra during the next few weeks. Its first appearance on the screen in New York and Chicago and one or two other places, created an unusual psychological reaction from the audiences. The reaction was caused by the startling beauty and absolute truthfulness of Nature of the picture itself and also by the sheer, amazing wonder of such a tremendous monstrosity as a last of red-hot, molten lava cupped in a crater wall nine miles in circumference.

From the moment the film was started until the last inch of it had been projected, there was a noticeable difference in the attitude of the audience. There was a constant humming sound caused by ejaculations and by one and two-word comments to neighbors, all punctuated, according to the reports, by sharp exclamations of amazement rarely noted in a theatre.

Johnny on the Spot.  
Hale Hamilton, widely known on both the stage and screen for his magnetic and engaging personality, and clever dramatic work, has a wide and varied theatrical career which has taken him not only to every country of importance throughout the world but also to remote and obscure villages in Africa, Egypt, China and the South Seas.

This noted player, who will be seen in the Metro screen drama, "Johnny on the Spot" at the Alhambra theatre on Sunday for a one day engagement, has played before Kings and cannibals—presidents and peasants and has made friends and admirers throughout the entire world.

In "Johnny on the Spot," the actor is seen in a role which is considered by all who have seen him to be the best characterization of his successful career, comedy is also promised.

On Friday at the Alhambra, the American Red Cross will have screened at that theatre one real special "Advancing With the Eagle into Italy," a picture that is said to be both instructive and most interesting.

### MORE THAN 400 OHIO MEN ENLIST IN ARMY

Columbus, May 7.—Army recruiting in Ohio is " brisk," according to the local army recruiting station. For the first half of April, Cincinnati led the state with 195 enlistments. Columbus was second with 106, Cleveland third with 88, and Toledo fourth with 47. A telegram received this week from the war department authorizes immediate enlistment for Siberian service, for infantry or medical departments.

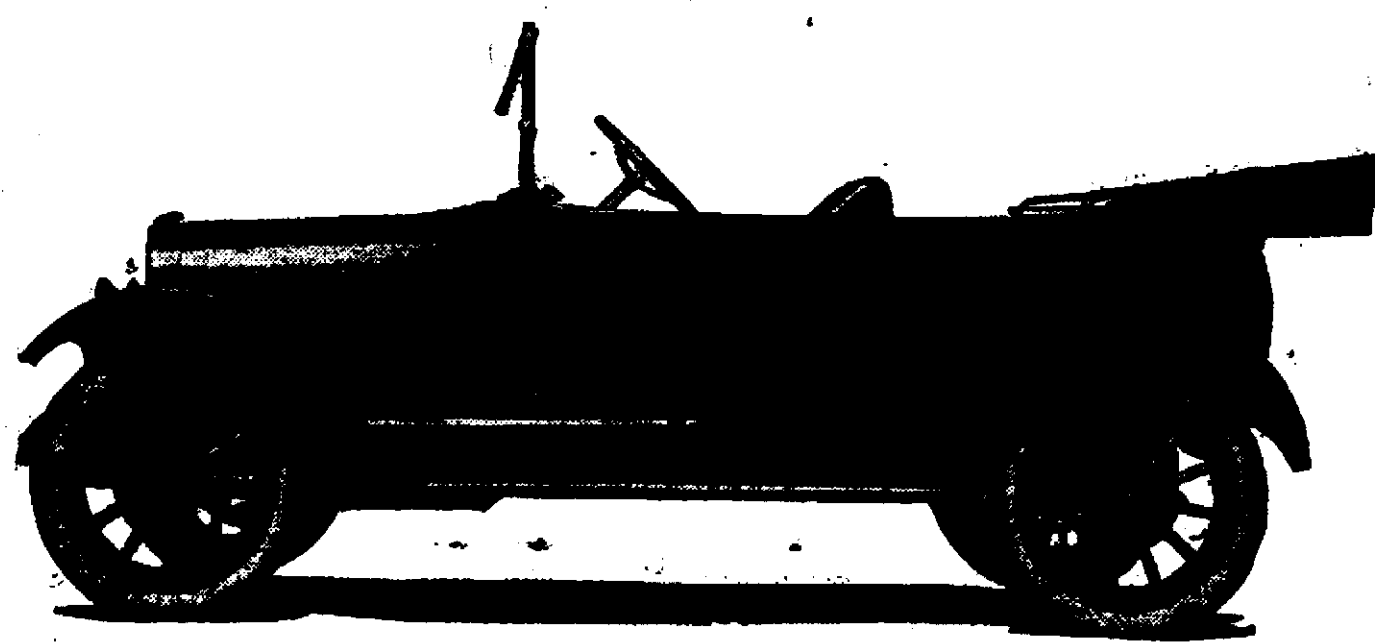

Enlistment for this service is for three years and is restricted to white men with previous military experience.

### WILL SELL SOFT DRINKS.

Columbus, May 7.—Soft drinks and food will be sold by Columbus saloon-keepers after May 26, when statewide prohibition becomes effective, according to the saloon men. As an inducement to continue in business at present locations, the rents of some of the present saloon sites have been considerably reduced, according to those close to the trade. Some landlords are said to have lowered rentals as much as 50 per cent, rather than have the storerooms given up.

### WHEAT ADMINISTRATOR CAN PROHIBIT TRADING

Chicago, May 6.—Julius H. Harnes, national wheat administrator, said in an address today to members of the Chicago Board of Trade that the act establishing the food administration gave authority to control trading in foodstuffs on exchanges to the extent of prohibiting future trade altogether. He said the act was still in effect and that his duty was imperative if demonstrated abuse should arise.

### Dort Model 11 Five Passenger Touring

THE Dort is built for service—a strong and enduring car—a good looking and comfortable one. It has harmonious and attractive lines, the First Car of its type without the unsightly body bulge. The sides run straight with nothing to mar its beauty.

Sturdy frame and axle, powerful, quiet, smooth running engine gives a wonderful feature in stability and performance.  
This is a car with out cramps or squeeze for driver or passengers, light and perfectly balanced, with wonderful acceleration at every command.  
Its starting and lighting equipment is the best in the world.

Why not investigate this wonder of the AGE. A demonstration is yours for the asking. Come and compare it with other cars. At the present moment we can arrange immediate delivery upon a small number of cars. This is an opportunity that must not be over looked.
